Spaces available - Call (204) 346-1077

Why are we unique? We teach early childhood development through the arts with specialists in Dance, Theatre, Music, and Visual Arts. Professional dancers, actors, visual artists, and music instructors come in regularly to infuse and inspire learning concepts using their mediums. We welcome cultural diversity to our program. Parents love our arts focus, indoor and outdoor lesson environments, creative calendars, and field trips.

Creative Learning – At The Steinbach Cultural Arts Centre, ages 3-5 have access to our classroom centre and professional Music, Theatre, Visual Arts, and Dance studios. AFT Preschool also offers new themes each week, like 'Spring Science,' 'Celebrate Culture' and 'All About Me.' There are also special days like 'Hat Day,' 'Pyjama Day' and 'Teddy Bear Picnic.' Festivities include a Christmas showcase and 'Moving Up & Graduation' party.

Qualified Staff – Our experienced Directors bring out the best in *Arts4Tots* children. The qualified staff will be in attendance at all times to encourage and assist children in their creativity and development. Our program also gladly accepts parent volunteers to participate in our preschool and help craft a creative, safe, and positive environment.

Focused Classroom – Tots kick off the day with circle time where they participate in today's weather, singing, ABC, 123, calendar, and story time. Daily, toddlers will participate in dress up drama, art discovery, music and movement, dance, storytelling, snack time, and more. Biannual progress reports let you know how your child is doing.

Come join the creativity!
